Description of Features:

- Responds to warmth. Hold between thumb & forefinger or breathe on it. The image will fade & reappear.
- Paper with unique security images embedded into the paper which can only be viewed by translucent "pass through light"
- When chemically altered, the area treated will appear as a brown stain or spot.
- Visible blue & red fibers randomly embedded into the paper on both sides makes duplication difficult.
- Fluorescent fibers which only show up under a UV blacklight.
- Alerts handler the document contains security features.
- Endorse lines appear as dotted lines when copied.
- Different spacing of diagonal lines used as an anti-cut and paste device.
- Paper is treated with a Toner Adhesion Coating. If attempts are made to alter the document text appears broken.
